**Raspoloživost / Availability:** Na zalihi / In Stock

**Cijena / Price:** 15,00€

### **Opis / Description**

*Clupea Harengus*

**35 cm/60 cm**

Derived from the Latin for “sardine” and “shape”, the Clupeiformes order of ray-finned fish includes common species from the herring, sardine and anchovy families (and several other families). Often living in large schools, the fish of this order are typically brightly silver-sided with a dark back and a streamlined body.
