Opis / Description

Based on a 3D Scan of a real perch with perfect details and Photo Chrome skin print and added DNA scent! The perch is in periods the main prey for Big pike and these super realistic lures will be deadly! The paddle tail make the lure rock seductively and the rattle in the tail sends out provoking clicks! The 2 smaller sizes is “ready rigged”, with the Belly treble hook mounted on a swivel, so the pike has hard time to throw the hook. The big size, is our Brilliant Linethru design, rigged with the Line thru modifier and changeable rig – the lure will slide up the trace away from the shredding teeth and the Pike cannot use the weight of the big lure to throw the hook.
