Opis / Description

Major Craft Dangan Blade X8 strand braided line has everything you would expect from a modern fishing line. The 8-ply braided threads were made in Japan and therefore have the quality mark Made in Japan. This extremely soft and abrasion-resistant 8 Braid from Major Craft is available in the colors lime or light green or in a multicolor version. With the Multicolor variant, the color changes every 10m and therefore it is especially interesting for shore and offshore jigging. The Dangan Braid is available on 150m, 200m or 300m spool depending on the design. Whether spinning, streetfishing, ultralight on trout, jigging, pike and perch, or even heavy fishing with large baits, hard baits or soft plastic's in fresh & salt water, this series of Major Craft covers all areas of modern fishing.
