60 gr - 90 mm

Live Bait Color is a new painting technique applied to the Jigpara that has become a standard jig for shore jigging since its release. While it has been evaluated on the net as "very catchable" and "easy to use", it has also received many ratings of "almost a bait". Then Major Craft painted the sardine, mackerel, horse mackerel and natural shad to make it live closer to the bait. Establish the strongest match-the-bait pattern in the almost baited "Jigpara Live Bait" series.

High-potential jig "JIGPARA" has the ultimate casting distance and can correspond to various actions. In reference to shore fishing, the casting distance is very important. The compact body shape helps to provide you with the best casting distance. The shape helps to control the friction as well while jerking against water. Its center balance design triggers the fishes predatory nature and it's easy to use. You'll be able to target various fish. Yellowtails, Amberjack, Bonito, Dorado, Small Tuna, Mackerel, Seabass & etc. Enjoy saltwater shore fishing!! This is the definitive the classic Jig from the first throw of the day until the last one throw can be cast with 100% confidence. Hooking rates of outstanding outstanding hooking performance secret, it's a hook point. Entrapment with made in Japan original hook to the front and rear top priority. Immediately hang if you touch! This is a conclusion of the really MajorCraft shagging.
