Opis / Description

Molix Millerighe EVO Natural Series is shaped, dressed, rigged and crafted with top quality prime materials. Millerighe EVO Natural Series is designed to be versatile and easy to use for everybody.

Available in sizes 2.5 and 3.0, the Millerighe EVO introduces innovative shells with more reflections. They come dressed with Keimura fabrics, responsive to UV rays with improved tones and glares. The carbon hooks are finished with a special treatment, for a long lasting rust proof life. Have been improved and upgraded in size to achieve a better balance even in the most difficult conditions to guarantee maximum catching results. The eyes with glow edge and the rim on the lower part of the lure improve the look of the Millerighe EVO Natural Series and its performance in low light conditions.

The special shape of the weighted lip, exclusively designed for Molix, gives erratic action and a perfect balance to the lure.

Length: 10 cm

Weight: 16.5 g
