Opis / Description

12 pcs in pack

The Bugsy is a wriggler type plastic with legs along the body of the lure that produce erratic vibrations. Again another quality plastic by bait breath, these work best rigged on a light jig head or Texas rig like the Rush Craw".

The Bugsy 2.5" has a perfectly designed swimming tail so that when you give slack line the lure will "swim" its way to the bottom, this swimming action also aids to slow down the drop of you lure, so it stays in the strike zone for longer time.

Length 2,5" (64mm)
Weight 2 Grams
Qty 12 per pack

Rec Hook #4~6 Worm Hook
