Cijena / Price: 1,75€

Opis / Description

9 komada u pakiranju

Tournament Drop Snap Black is an update to the popular line of super strong Drop Snap clasps. According to numerous requests of fishermen, the favorite clasp is now made in matte black, which has a positive effect on the camouflage of the snap. Like the classic version, Tournament Drop Snap Black clasps are enhanced in strength and reliability. A wide size range will allow you to pick up a clasp for catching both small perch and large cautious fish, for which the drop of the snack is best suited. The Drop Snap series is the best choice for trophy fishing!

size	in pack	kg

#000	9	10
#00	9	15
#0	9	24
#1	9	36

Unlike similar black snaps, where paint fades quickly, Intech snaps use a coating technology that forms direct bonds of metal and paint molecules, which gives a uniform and durable color that is resistant to external influences. Outstanding strength was achieved thanks to the use of high-quality springy wire and a geometrically thought-out shape of the fastener, which allows evenly distributing the load over all areas and eliminating the opening of the locks.
