Šifra proizvoda / Code: 55716

Raspoloživost / Availability: Na zalihi / In Stock

Cijena / Price: ~~16,00€~~ 14,40€

Opis / Description

Intech First PE X8 This is a new generation of budget eight-core braids. A wide range of sizes, apart from the usual thick and sturdy diameters #2.0 and #2.5, includes previously inaccessible thin diameter cords (#0.4), bringing coastal light fishing to a new level. The braid has a perfectly round section, extremely slippery coating, and an increased rupture load. Intech First PE X8 opens up new opportunities for fishermen in sensitivity, range and strength. Together with the affordable price First PE X8 will certainly taste to many fans of jig, winding or long-distance hunting for a cautious fish such as asp. The cord is absolutely non-stretching, has a high resistance to abrasion and is perfect for modern spinning in all its forms. It is painted in bright contrast color, produced in 100 and 150 meters.

size	#0.4	#0.6	#0.8	#1.0	#1.2	#1.5	#2.0	#2.5
