

Gosen Roots FC Leader 50 m

Proizvođa / Brand: Gosen

Šifra proizvoda / Code: 27725

Raspoloživost / Availability: Na zalihi / In Stock

Cijena / Price: 13,00€

Opis / Description

Pursuing balance at a high level. Japanese fluorocarbon leader

Optimal design for each size pursues the best balance of strength, elongation, and flexibility.

By using 100% high-purity PVDF (polyvinylidene fluoride) resin with high creep resistance, it reduces deformation and maintains the initial feeling of use for a long time.

By adjusting the crystallinity, the surface is strengthened to suppress water absorption and deterioration and achieve high sensitivity.

Comes with a convenient spool band that allows the line to stop anywhere.

Line color - natural
