### Opis / Description

Handle - 110 cm

Head - 70x60 cm

Depth - 90 cm

Eye size - 3x3 cm

Highly operating landing net made for quick and effective pickup of toothy and spiky fish without fear that hooks get tangled in the net. Handle and frame are made from lightweight aluminum with black coating while head connection is made from strong and durable casted aluminum. The net is made from strong monofilament.

Max length - 180 cm
