

Decoy Round Snap SN-1

Proizvođa / Brand: Decoy

Šifra proizvoda / Code: 48901

Raspoloživost / Availability: Na zalihi / In Stock

Cijena / Price: 3,00€

Opis / Description

13 pcs in pack

Round Snap focuses on the fact that "lure action differs depending on the connection device between the lure and line (snap, split ring, etc.)", and brings out 100% of the action of all lures, making it easy for anyone to use and ensuring that the lure is targeted. This is a high quality lure snap developed with the aim of attracting and capturing.

?Round bent shape that is compatible with various lure eyes, from 8-pin eyes to heat-on eyes.

?Analyzed and designed using CFD to create a shape that is less likely to cause turbulent water flow that can interfere with lure action.

?The shape reduces contact loss and reliably reproduces the action of the lure.

?You can smoothly attach and detach the deep eye (often used for long bill minnows) that is difficult to set with conventional snaps.

?We have achieved zero weight variation by considering the effect on the lure.

?Uses a new material with strong elasticity and less metal fatigue.
