

Gosen Answer Jigging X8 300 m

Proizvođa / Brand: Gosen

Šifra proizvoda / Code: 27723

Raspoloživost / Availability: Na zalihi / In Stock

Cijena / Price: 58,00€

Opis / Description

PE (weight Weight kg
lb)

0.8 (16lb)	7.3kg
1 (20lb)	9.1kg
1.2 (25lb)	11.4kg
1.5 (30lb)	14.0kg
2 (35lb)	15.9kg
2.5 (40lb)	18.2kg
3 (45lb)	20.4kg
4 (55lb)	25.0kg
5 (65lb)	29.5kg
6 (75lb)	34.0kg

GOSEN's unique technology makes it possible to fight with unexpected big game!

New standard of 8 braid PE line for jigging.

[“MPX” x “HDX” manufacturing method] By using the MPX manufacturing method, which assembles raw yarn at high density, and adjusting it for each size, it is possible to achieve a high level of abrasion resistance and impact resistance. In addition, the HDX manufacturing method, which accurately assembles raw threads with high tension, achieves strong stabilization and high sensitivity.

[Gosen's original special coating] GOSEN's unique resin processing and silicone coating reduce discoloration. By increasing friction resistance, thread breakage is suppressed. The surface slips well and the guide is excellent!

[Marking for jigging] Adopts a highly visible color scheme and a color pattern that

protects the line from fish with sharp teeth.
[Line color] Multicolor (5 colors)
