Proizvođa / Brand: Daiichiseiko

Šifra proizvoda / Code: 23005

Raspoloživost / Availability: Na zalihi / In Stock

Cijena / Price: 42,50€

Opis / Description

Possible to hold preys safely and in a speedy manner without dirtying or damaging your hands in all saltwater fishing scenes, ranging from horse mackerel, oval squid, largehead hairtail, and rockfish.

By accommodating the Wani Grip in the holster without the tip of the Wani Grip locked, the Wani Grip will open when it is simply taken out, thus making it possible to catch the prey instantaneously.

The product can be carried without worrying about dirt if the grabbed fish is once accommodated in the holster.

The holster adopts a hanger with round corners that are suitable to thick and thin belts and will not fall off with ease.

Attached to your bag, game vest, Tackle Carrier, and the frame of the Bakkan (a fish bag container).

Provided with a safety rope and the Holster Base MC for cooler box mounting so as to prevent them from dropping out or missing.

The holster can be attached with the hanger to your bag, game vest, Tackle Carrier, and the frame of the Bakkan (a fish bag container).

By accommodating the product without the tip locked, the Wani Grip will open when it is simply taken out, thus making it possible to catch the prey instantaneously.

(Possible to lock the product with the tip closed when pulling out the grip end.)

Provided with 5-dimple specifications with nonslip processing, and fitting your fingertips perfectly.

Adopts a hanger with round corners that are suitable to thick and thin belts and will not fall off with ease.

The provided carabiner can also be attached to the tip.

The safety rope (with a maximum length of 120 cm) prevents loss of the product if it drops.

The left and right of the rope mounting position can be changed with a hex wrench.

The tip with alternating tooth alignment like an alligator's teeth holds preys firmly without missing them.

Provided with the Holster Base MC that hooks the holster to an object, such as a cooler box.

SPECWani Grip
