Opis / Description

11 cm / 14 gr / 1-1,5 m / suspending

The 3DB Jerkbait 110 is a suspending lure with an irresistible minnow shape. It is designed with “Flat Sides” which make it perfect for stop & go retrieves, or a pause/jerk/pause technique. The new Weight Transfer System makes for unbelievably long casts and the “Head Down” position during pauses in the retrieve are features developed by Yo-Zuri’s product development teams working closely with their pro-staff bass anglers. All baits in this series feature Yo-Zuri’s exclusive “Wave Motion Technology” that sends vibrations throughout the water column.

Hardware: 3 Round Bend Black Nickel Hooks and Split Rings

Features: Patented 3D Prism Finish and Weight Transfer System
