Opis / Description
Length - 2 meter, egi lure - 7 cm

The Tataki rig with three UTSU Squids is ideal for cephalopod fishing. Lifelike lures attract squid and octopus with their movement and bright colors. The strategic arrangement of the lures increases effectiveness and visibility. The rig is versatile and can be adapted to different fishing conditions. Proper retrieve technique with quick, pulsating movements enhances attractiveness. The Tataki rig offers a higher chance of success in cephalopod fishing.
