

Alcedo Black Run

Proizvođa / Brand: Akami

Šifra proizvoda / Code: 78204

Raspoloživost / Availability: Na zalihi / In Stock

Cijena / Price: 50,00€

Opis / Description

The **Alcedo Black Run** is a fishing reel designed to deliver **versatility, reliability and smooth operation**, making it an excellent solution for anglers looking for high performance at a competitive price.

Thanks to its technical configuration, it is suitable for both **saltwater and freshwater fishing**, performing effectively in different techniques such as spinning, bottom fishing and multi-purpose applications.

Available in **3000, 4000 and 5000 sizes**, the Black Run allows anglers to choose the ideal setup according to their fishing style and power requirements.

The internal **5+1 bearing system** ensures smooth and consistent rotation during retrieval, improving comfort and precision even during extended fishing sessions.

The **reinforced bail arm** provides increased strength during demanding phases such as casting, retrieving and fish fighting.

The **screw-in aluminum handle with ergonomic knob** improves power transmission and ensures a secure grip, increasing overall reel control.

Structurally, the **anodized aluminum spool** combines lightweight construction, durability and long-lasting performance, ensuring optimal line management.

The **8kg micro-adjustable drag system** allows precise and progressive drag control, essential for safely handling powerful fish.

Ideal for:

- saltwater and freshwater spinning
- bottom fishing
- coastal fishing
- technical and recreational fishing

The **Alcedo Black Run** is a strategic choice for anglers seeking a **reliable, smooth and versatile spinning reel** capable of adapting to multiple fishing situations.

Size	Ratio	Bearings	Weight	Max Drag	Line Capacity
3000	5,1:1	5+1		8 kg	0,20/350
4000	5,1:1	5+1		8 kg	0,28/340
5000	5,1:1	5+1		10 kg	0,28/410
