Opis / Description

20 pcs in pack

The BKK Double Barrel Crimps are designed to form neat, secure loops with flared ends that let the line flow naturally, ensuring smooth movement and preventing sharp edges that could damage the leader.

Made from durable copper with a black-nickel finish, they combine strength with a stealthy presentation. Suitable for fluorocarbon, hard mono, and nylon-coated wire, these versatile crimps adapt to a wide range of rigging applications. Available in multiple sizes to fit different line diameters, the BKK Double Barrel Crimps deliver professional results every time.

BKK means confidence with every hook set. Every hook or terminal tackle accessories made contains the expertise and craftsmanship of over a hundred years of hook making and gives you the ultimate confidence when fighting fish.

BKK has been manufacturing cutting-edge fishing hooks since 1856.

Better, stronger, sharper.
