

Decoy Areate Snap SN-20

Proizvođa / Brand: Decoy

Šifra proizvoda / Code: 48928

Raspoloživost / Availability: Na zalihi / In Stock

Cijena / Price: 3,75€

Opis / Description

10 pcs in pack

Imagine a fishing snap that is easy to attach, stays securely in place, is comfortable to handle, lightweight, and—on top of all that—incredibly durable! While such a combination might seem nearly impossible to achieve, the "Elite Snap" makes it a reality. Developed specifically for area (managed-water) fishing, it utilizes a super-fine wire. Despite its thin gauge, it features a "Power Grip" design that reinforces strength and enhances overall durability. Furthermore, it employs an "Inside Lock" mechanism to prevent fishing lines from getting tangled. Truly an exceptional piece of gear, this snap is purpose-built for the demands of area fishing.

- Features a slim, rounded shape that makes opening and closing easy, while perfectly accommodating lures like spoons and plugs.
- Incorporates "Power Grip" technology, which allows the snap to flex under excessive force, preventing permanent deformation of its shape.
- Crafted from high-hardness stainless steel that has undergone specialized heat treatment to ensure high elasticity and superior resistance to metal fatigue.
